## Practical and functional

6 Acristalia systems in one space.

We present the **Acristalia Mobile Showroom**, a trailer that will bring you closer to your customers wherever they are allowing them to discover what it feels like to be inside a glass enclosure and with the possibility of combining **six Acristalia systems in the same space**.

The Acristalia mobile showroom is ideal for trade **fairs, events or shopping centres**. It can hold the perfect space to explore, discover and experience first-hand the possibilities of a real glazed enclosure project. And if that wasn't enough, **it could be converted into a sales office wherever you choose**.
